

Antibody Stage Rider/Technical Rider

Stage Setup

What do i need:

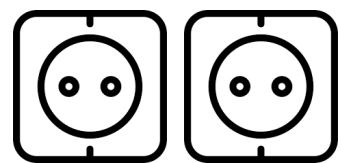

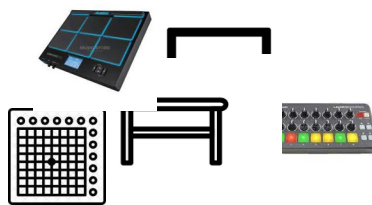

- **I need** 1 microphone for just talking (no FX)
- **I need** a large enough table to setup my equipment (Laptop, controllers, Drumpad)
 - **THIS IS VERY IMPORTANT!** It should be atleast 1 meter high and 1,5 meters wide.
 - **Preferably a Stage Riser!**
- I need 2 power sockets for my laptop and the Drumpad.
- I need to know if there is a projector with either VGA or HDMI Input on stage. My Background Visuals are on an USB-Stick and should be played on Loop.

Output:

- Main Output will be coming out of my soundcard (Stereo)
- Additional Drums and Percussion are coming from my Drumpad (Mono)
- The microphone can go straight into the FOH without any effects
- **3 Outputs in total!**

Microphone

Non-Technical Rider

- I need to know if there is a merch table and if its staffed by the promoter!
- **Hospitality:**
 - Bottled Water
 - Local beer (enough to get a typical german dude drunk)
 - Snacks and if possible a warm meal (No dietary requirements)
 - If possible: No ordered Pizza... bad memories
 - Energy Drinks (Preferably Monster Energy)
